Coastal Elegance Redefined: Azurea by Made by Alas

Nestled along the pristine shores of Cronulla, NSW, the luxury duplex development 'Azurea' at Elouera Road represents the epitome of modern coastal sophistication. Crafted with meticulous attention to detail by Made by Alas, in collaboration with Jalex Investment Group and Galayni Group, this stunning project is a true testament to refined seaside living.

The design brief aimed to create an oasis that seamlessly blends the relaxed spirit of coastal living with high-end luxury. The Made by Alas team curated a palette of rich, natural materials that evoke warmth and serenity, ensuring every space within the duplexes is both inviting and opulent.

This breathtaking duplex at Elouera Road, Cronulla, is more than just a residence; it's a curated experience that encapsulates the essence of modern coastal elegance.
